Dear Gisèle,

Governor Douglas has forwarded your correspondence on the Dunn Estate to me for a response. Thank you for letting us know your thoughts.

The Agency of Natural Resources is engaged in discussions with our partners in an effort to conserve the Dunn estate. We are very hopeful that the process will result in honoring the wishes of Mr. Dunn.

The State of Vermont will work hard to play a role in the conservation of the property. We believe the property is highly deserving of protection.

Sincerely,

Jonathan L. Wood
Secretary
